Glenn Evans

The Head Lioner For April 2010

Relay For Life:

This will take you directly to our team web page to make a donation.

http://main.acevents.org/site/TR/RelayForLife/RFLFY100H?team_id=644055&pg=team&fr_id=23504

\$535 has been donated towards our goal of \$6500.00

March 8 Meeting:

Guest Speaker: Our own Lion Mark Matthews and Leo Lion President David Hard. They talked about what the Leo Lions are doing and presented a slide show. This was very informative and they are a very active group. Total members present: 27 and one guest.

March 22 Meeting:

Guest Speaker: Virginia Tice: Her talk was on Rett Syndrome, a devastating neurological developmental disorder. This affects 1 in 10,000 – 20,000 infants and almost exclusively females. While there is currently no cure, researchers believe they are getting close to finding one.

Total Members present 21 and one guest.

Board Meeting: 7 in attendance

Discussed potential problems with doing Sat AM set-up prior to the Ox Roast. The Farmers market and 'Run for John' are both held that morning. The Chamber of Commerce would like us to not start our set-up till after 12:00 noon. We agreed that this was not acceptable because we needed the time to address potential problems if they should arise. It was felt that the Farmers Market could move to the east side of the square and last years 'Run for John' did not interfere with our set-up.

April 12 Meeting:

Jennifer Clark from the Red Cross will be the guest speaker

April 26 Meeting: We still need a program/speaker for this meeting.

Some Notes From LCIF:

When it comes to meeting challenges, our response is simple: We serve. In 205 countries, in hospitals and senior centers, in regions battered by natural disaster, in schools and in eyeglass recycling centers, Lions are at work, helping, leading, planning and supporting. Because we're local, we can serve the unique needs of the communities we live in. And because we're global, we can address challenges that go beyond borders. **We want everyone to see a better tomorrow.** That's why we support [sight programs](#) and services including vision screenings, eye banks and eyeglass recycling. Provide eye care services to those at risk of losing their sight. And raise donations through campaigns like [SightFirst](#) and [Campaign SightFirst II](#). **We believe everyone deserves a healthy life.** From providing [health programs](#) that focus on [hearing](#) loss to supporting efforts to control and prevent [diabetes](#), we're working to improve the

**Liberty – Intelligence – Our Nation's Safety
We Serve!**

health of children and adults around the world. **We empower the next generation.** Whether it's providing volunteer and leadership experiences in a [Leo club](#) or sharing a message of peace through our Peace Poster contest, our [youth programs](#) invest in the future by reaching out to young people.

Report from the Eyeglass Chair:

Lion Glenn Evans reported that we have scheduled a 5 yr old to be fitted with new glasses. His name is Dylan Williams and he is being raised by his grandmother. He has lazy eye and wears a patch from time to time. Lenscrafters was gracious enough to help us under their gift of sight program.

Lion Glenn Evans also reported that we were able to donate 800 or more pair of eyeglasses to SVOSH from our collection boxes. This is probably the first time that most of us have ever heard of SVOSH.

SVOSH <http://svosh.org.ohio-state.edu/index.html>

The Student Volunteers for Optometric Service to Humanity (SVOSH) is a 501(3)(c) organization that helps provide eye care and eyewear to developing nations. SVOSH holds weekly meetings at which volunteers sort and package used eyeglasses donated by the Lions Club and other organizations.

Donations also fund airfare and living expenses for students going on trips to underprivileged countries to conduct free eye exams. SVOSH students and doctors have made trips to Belize, Brazil, Costa Rica, Colombia, Dominican Republic, Ecuador, Guatemala, Haiti, Honduras, India, Kenya, Mexico, Nicaragua, Peru, and Venezuela.

Donna Evans and Nick (a senior at OSU School of Optometry, part of SVOSH)

OSU SVOSH that made the trip to Peru in 2009

Central Ohio Lions Eye Bank:

Sponsoring a 'Night With The Clippers' June 13. Reserved seating \$10.00. Contact Lion Secretary Dave for more details.

A Female View:

A couple is lying in bed. The man says, 'I am going to make you the happiest woman in the world...'
The woman replies, 'I'll miss you.'

'It's just too hot to wear clothes today,' Jack says as he stepped out of the shower, 'honey, what do you think the neighbors would think if I mowed the lawn like this?' 'Probably that I married you for your money,' she replied.

Did You Know: During his or her lifetime, the average human will grow 590 miles of hair. What about Rick, Bob & Jim?
The average human bladder can hold 13 ounces of liquid.
