

The Sunbury Lions Club since its inception has provided local residents with help in the purchase of glasses and eye care. The requests come from the local schools, organizations and individuals.

The requests come through telephone calls, contacts with a club member or email through the Club's website. All requests are considered confidential.

The Club's website has a '[Contact Us](#)' form on the home page or you can email lions@sunburylionsclub.org

An email can be sent directly to the member who is responsible for the verification of the financial need. Various sources are referenced such as Job and Family Services, school counselor etc to help determine the financial need.
